

International Internship Program

About the Program

Our international internship program has been in existence for more than two decades. The program enables the students to gain the following:

- To learn about South Africa and her people
- To learn more about our work and organizational culture
- Interns develop & refine their skills
- They gain valuable practical work experience

Furthermore, interns are exposed to our various programs such as skills development, social work fields and early childhood development which is internationally known as pedagogy. Exposure such as this gives interns an edge for the job market.
